

# Visual Schedule Instructions

## Visual Schedule Instructions

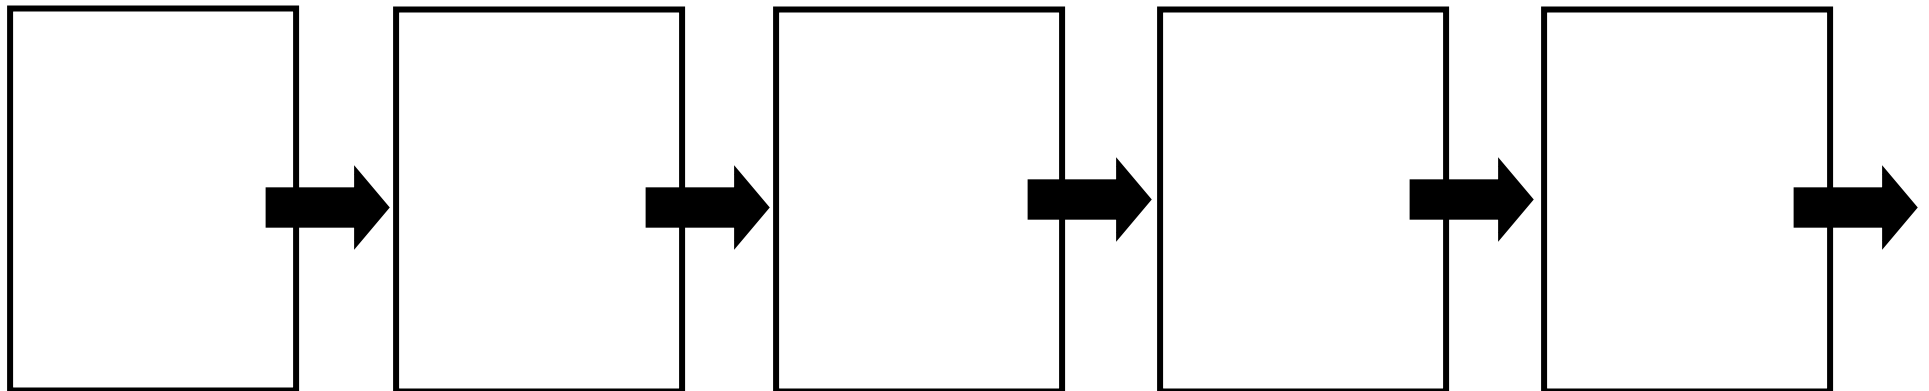

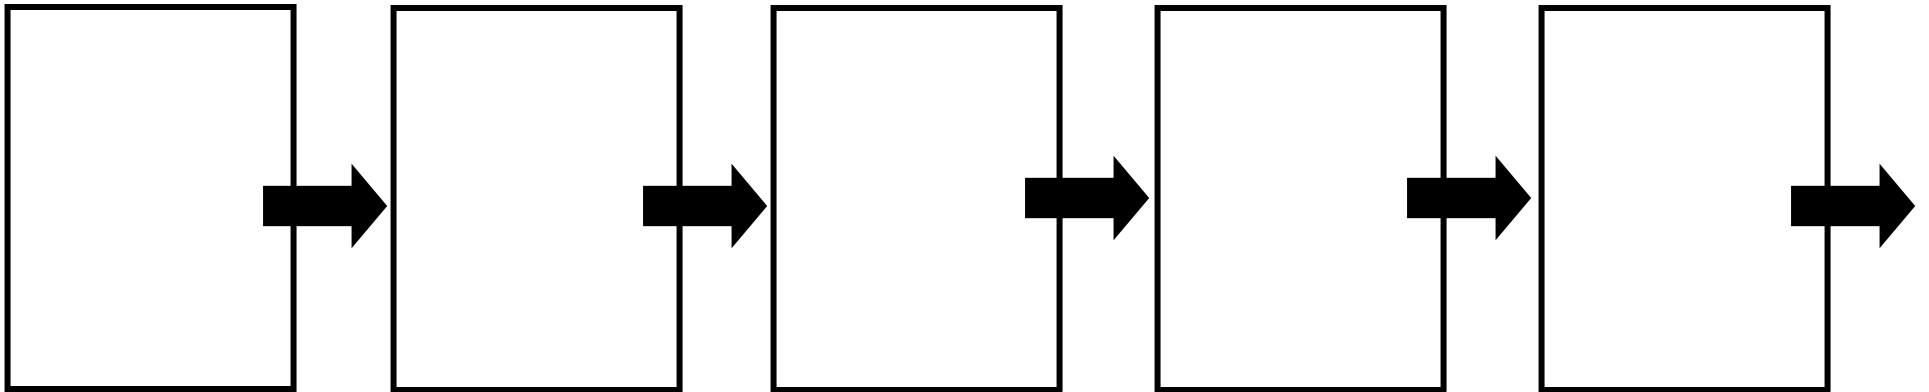

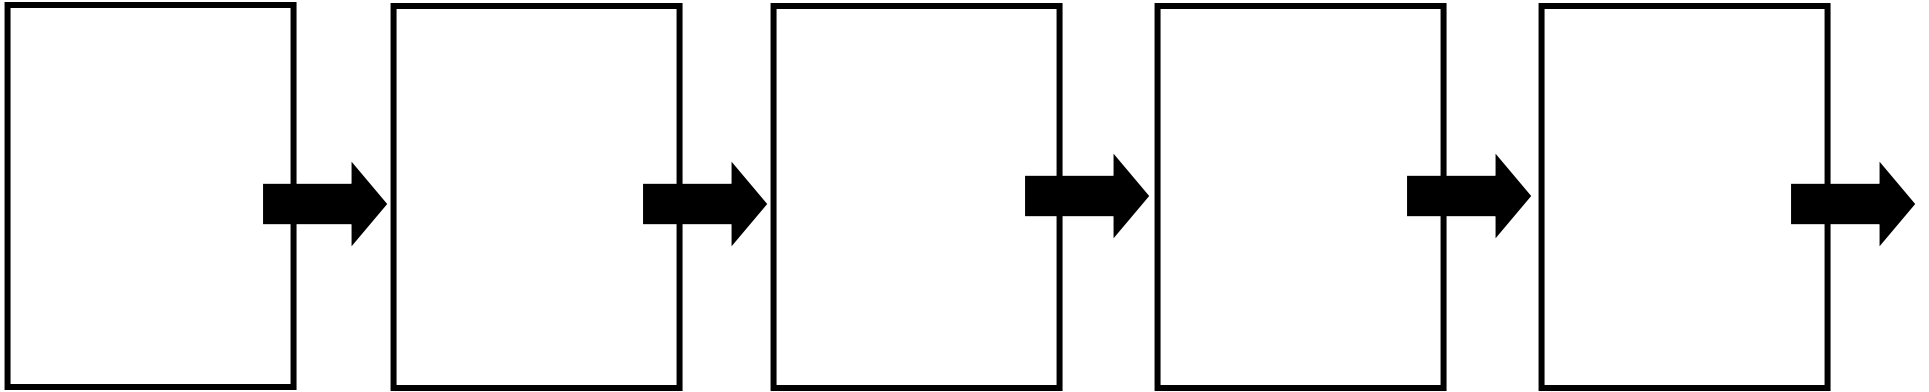

1. From the **Animals** section, choose which animals you would like to visit.
2. From the **Other Choices** section, choose which other activities you would like to do or may be useful.
3. In the **Schedule** section, place all of the photo cards in the sequence of your choice.
4. When you are finished with an activity or visiting an animal, move the photo card to the **All Done** section.

## Other Information

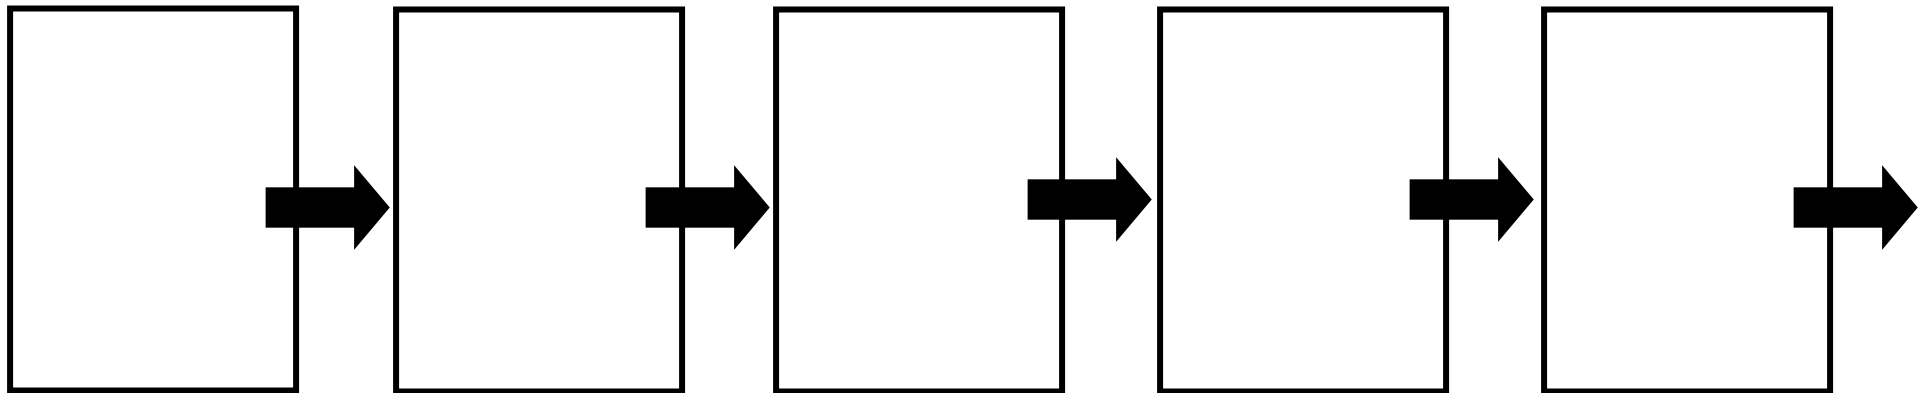

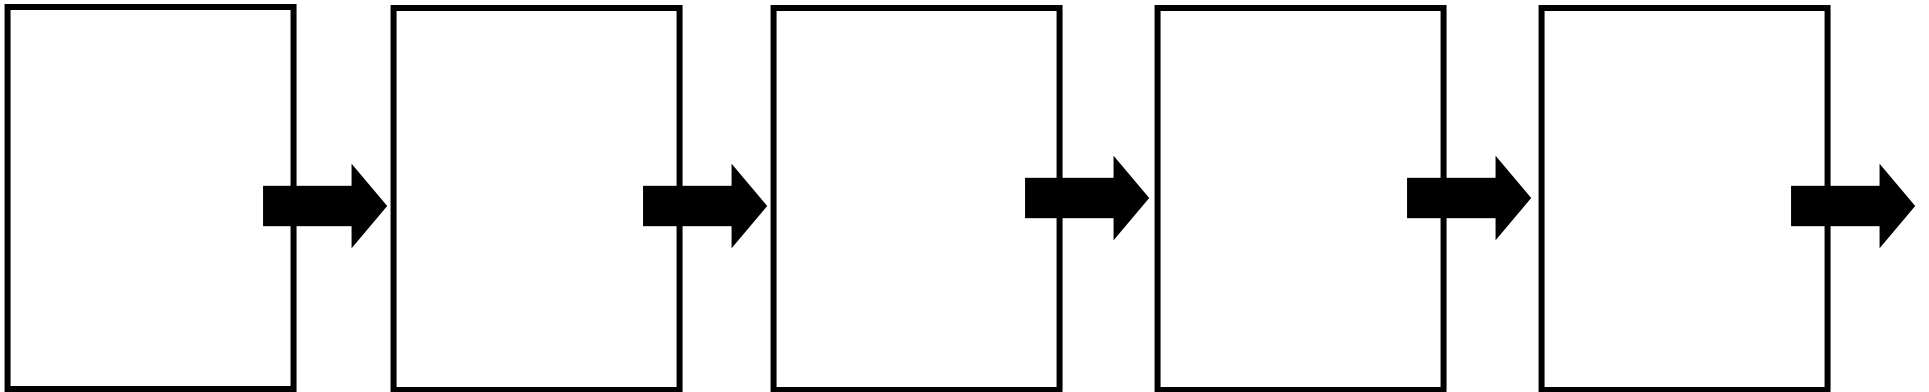

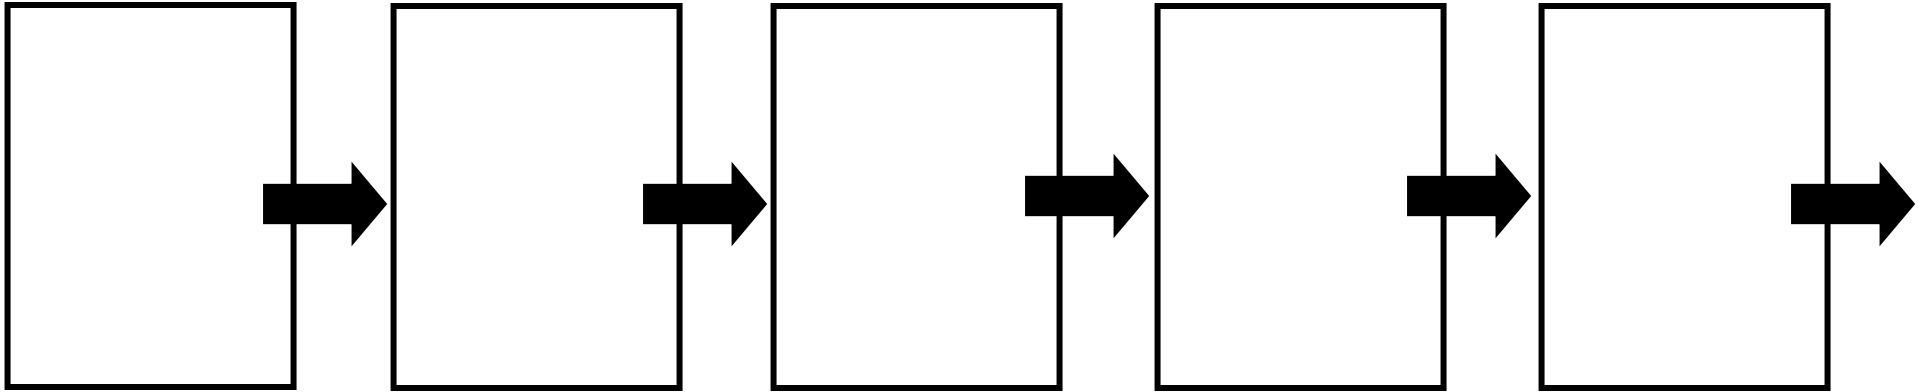

Please remember that the zoo is a dynamic place and some of these exhibits or attractions may not be open during your visit. For the most up to date information, please visit Guest Services.

\$ - Paid Attraction
